Gender: Male **Date of birth:** 10/05/2000 **Nationality:** Kosovar

ABOUT ME

I am Software Engineer being skilled in Java/Spring, HTML, CSS, Javascript and PHP. During my studies I gained knowledge to write efficient, readable and maintainable code using standard practices HTML, CSS, Javascipt. I also have sufficient knowledge in Object oriented programming in Java and in the Spring framework of Java.I have experience integrating databases such as SQL, MySQL and variety of Cloud Services from Firebase. As a highly focused hard worker, I constantly try to expand my knowledge and assuring that my work fulfills the highest standart.
